

Poster Presentation

	Project Proposal
Brief description of assessment task	This assessment task requires the students to present their work-in-progress to a peer audience in text and visual format. As a poster presenter, the student will be required to combine visual and oral explanations of the proposed publication.
Detail of student output	Student is required to deliver one poster to include the key information of the project, and a 5-minute virtual presentation (no more than 5 PowerPoint slides with voice overlay) highlighting key aspects of their research project. The images and text that students choose should captivate the audience to learn more at the same time presenting information in a succinct manner.

Presentation and Poster

- Prepare a 3-5 minute PowerPoint presentation with voice overlay.
- Prepare an A1 size digital poster (PDF).
